

INSTRUCTIONS:

Unpack the game to the folder of your choice. Start the game by clicking **The Bum.exe**

CURSOR MODES:

You can cycle through cursor modes with RMB (right mouse button) and confirm with LMB (left mouse button).

WALK (Miniature bum) – click where you want to go.

LOOK (Eye) – click if you want to look at something.

INTERACT (Hand) – click to interact with the world (to pick up objects, go through a hole etc.).

TALK (Sock) – click on other characters to talk to them.

COMBINING AND USING ITEMS:

To combine two items in your inventory you must left click to pick one of them with the cursor mode “interact” and left click on the other item.

To use the item on the world you must set your cursor to “interact”, left click on the chosen item in your inventory and then left click on the object or hotspot in the room.

You can also look at the items in your inventory with RMB. Sometimes you can get each time a different result.

SAVE AND LOAD GAME:

To save your game choose SAVE GAME icon from the top menu (move mouse cursor to the top edge). To load a saved game choose LOAD GAME icon.

KEYS:

Space – pause the game

ESC – skip intro

HAVE FUN!
